CITY CHILDREN MADE HAPPY.

MARLY 500 PRESH-AIR LITTLE ONES IN CLINTON COUNTY-MET BY MR. PARSONS IN TROY.

(BY TELEGARPH TO THE TRIBUNE.)

ROUSE'S POINT, N. Y., July 10,—Nearly 250 of
THE TRIBUNE Fresh-Air Fund children, who left the May vesterday afternoon on board the steamer Belle Herton, arrived here at 7 o'clock to-night. They were weary from their long journey but were still enoyant and happy as they tumbled out of the train buoyant and happy as they tumbled out of the train burging their baggage after them. Part of the amber remainded at this place, where a crowd of hir entertainers had gathered to receive them, and he rest went by a special train to Champlain, Elinturg and other towns a few miles west of here on the Ogdensburg and Lake Champlain. Beiling the Ogdensburg and Lake Champlain. the Ogdensburg and Lake Champlain Railroad.

The Ogdensburg and Lake Champian Railroad.

The party numbered 462 when it left New-York yesterday. The children were delighted with the trip up the Hudson, and it was late at night before the last one was asleep. so busy were the young heads with bright anticipa-The whole party was up and standing ready invade the Trojan province before day had fairly weed. When the classic city of stoves and laundries was reached the small wayfarers trooped out the boat with cheers and varied exclamations of the boat with cheers and varied exchanations of the hight, and were led by that stanch friend of the resh-Air Faud. Shapard Tappen, to their break-ast-room, which consisted of two large public halls,

gening into each other, not far from the boat There a bountiful breakfast was spread before Lem. It vanished as if by magic before the slaught of the horde of small but hungry beings. to few fragments of the feast that were left were thered into bags for lunches on the rest of the urney. The Rev. Willard Parsons, the manager the Fresh-Air Fund in former years, happily surrised the party by appearing on the scene while the ast was in progress. His great interest in the ork had drawn him to Troy from a distance to see be great Champlain party. He seemed to be nearly vered from the severe illness which prevented im from taking charge of the work this year, and

oke eagerly of speedily resuming his old duties The children attracted a large number of in sted spectators despite of their early breakfast tour, and created great amusement as they marched to the station to board the special train, which rould carry them to Whitehall and down Lake rould carry them to Whitehall and down Lake hampian. All along the route to the north, rowds gathered to see the "fresh air" go through. The children were welcomed by excited and eager larongs at the stations where detachments of the larongs at the stations where detachments of the larong were left, and before sunset the little ones from hot and fithy city streets were riding back mong the hills from the picturesque lakes in armers' conveyances from Wadham's Mills, Plattsurg, Chazy, West Chazy and Coopersville. Then he reimants of the party reached here and all years sleeping soundly, even as far away as Elienburg, before 10 o'cl ock.

WILLIAM K. SEAMAN'S INVENTION.

A DEFENCE OF THE INVENTION MADE BY A SCRAN-

TON FRIEND.

SCHANTON, Penu., July 10.—The article in The Sunday Free Press regarding William K. Seaman and his pateut rait mill machinery, a brief abstract of which appeared to The Tribune, has called forth severe criticism from officials of the Lackwagna Iron and Company. The Republican to unsured will publish an article from an employe of the company touching this subject, in which it is states that Mr. Seaman only plaimed credit for such additions and modifications to Gustin's process as made his invention one of merit and not such as to be declared a nuisance. The only trouble that has appeared in its sim of how withing its easily traces to parts patterned while y after Gustin's arrangement, the right to use which had been purchased by the company. The relations of Mr. Seaman with his employers error of the highest character and this, was well above when his great invention was put to the test.

THE SOI DEFINITE.

THE SOLDIERS' HOME INQUIRY.

BATH, N. Y., July 10 .- The Board of Trustees of the Soldiers' Home met at 4 o'clock, up to which time no reply had been received from the State Board of Charities to General Slocum's invitation to take charge of the investigation of the Home. Upon motion of General Bogers the Board decided, is case the investigation is conducted by the trustees of the Home, to conduct it before the whole Board, instead of a committee of five. The Beard adjourned the hearing until 5 o'clock to merrow morning to hear from the State Board of Charities.

A ROADSIDE AFFRAY IN TEXAS.

JUNCTION CITY, Tex., July 10 .- William Turner overtook Mr. Tileney on the highway te-day. The latter was accompanied by a woman. Riding up. Turner sain: "Now is a good time to settle our matter," and drew a revoiver. Tilleney reached for his Winchester rife and both men opened fire. Five or six shots were exchanged. Tilleney was fatally shot through the bowels, and Turner was shot in the thigh and hand, but it is thought be will survive.

A DEFAULTER'S LONG VOYAGE.

San Francisco, July 10 .-- Francis M. Kerr, the Chicago defaulter, who was captured as Cailao, taken
to the Sandwich Islands to the Asperican man-of-war
been, and thence brought to this city on the steamer City of Sydney, arrived here last night. He was ar-ested on extradition papers issued by Governor Stone-an, of California, to Cuteago detectives. The amount of Kerre defaboation is \$60,000.

THE TENNESSEE FUNDING ACT.

SASHVILLE, Tenn., July 10 .- Chancellor Merritt to day refused to grant an injunction against the fainding of the State debt, in accordance with the Fund-ing act of the last Legislature,

ARANSPORMATION OF BOOTH'S THEATRE.

The work of demolition is nearly at an end what once was Booth's Theatre. The western portion the old building is completely torn down and the ark of reconstruction already begun. It is the inten-on of James D. Fish, the owner, to creek four stores is such a manner that they may be thrown into one large one should occasion arise. The Sixth ave. front a casures about seventy-nine feet, and at about 100 feet from the gyenne this widens to ninety-eight feet. The com the avenue this widers to minoty-sight feet. Two mily of the present interfor walls will remain—that thick mad to divide the labbles from the auditorum and salon will now form the easiern partition of the corona ore, and the former prescentian wall, which will form he western division wall of the store nearest Fifth-ave. thout \$175,000 will be expended in the improvements.

TRANSATLANTIC TRAVELLERS.

The North German Lloyd steamer Eibe ili tani to-day for Bremen, among her passengers being aron J. Von Huppman Valbelia, of Germany; Mrs. Berl Steinway, the Misses Steinway, Dr. and Mrs. - N. INCIDENTS OF SARATOGA LIFE.

SARATOGA SPRINGS, N. Y., July 10 .- Another peract day favors this National resort, and it has been highly enjoyed by all. There is a large number of private carviages here, and the scenes in the lake road, as woodlaws Park, in Ballston-ave, and other promunent drives are quite spirited during the afternoon regulation

The representatives of the screw manufacturing interests of the avantry hold an informal meeting at the Grand Union Hotel early this afternoon.

Grand Union Hotel early this afternoon.

In the judicial atmosphere of the Court of Appeals rooms representatives of the different fire insurance companies of this State are holding what they call an "Insurance Exchange." The proceedings are of a business nature and are conducted in executive sessions, which will cover the better part of two days. James H. Van

Will cover the better part of two days. James H. Van Buren, of New-York, is president.

The remains of the wife of Charles E. Lawton, of No. 109 West Fortieth-st., New-York, who died very suddenly at the American Hotel last night, were taken to New-York to day for interment.

The New-York Society of Descriptive Art to day opened here its stock of brica-brac and artistic work. The display is under charge of Miss. Julie Coventry, the actress and elecutionist.

The Sarators anatours have perfected arrengements.

and electionist.

The Saratoga amateurs have perfected arrangements for a dramatic entertainment in the Putnam Ouera House next Saturday evening. "Husband in Clover" and "Betsey Baker" will be produced.

The trial of John W. Luke, of New York, who claims to be a detective, and who was indicted in connection with the Glebrist bond robbery in Charlton in this county, several months since, is now in progress at Ballston Spa. Lake played the "fence," and for a consideration returned the bouls, which represented \$200,000 free value. His trial will probably not be concluded until to-morrow evening.

The wife of Canada.

value. His trial will probably not be concluded until to-morrow evening.

The wife of Captain John Eskenbrack, of Greenfield, a suburb of Saratoga, who fell down a flight of stairs on Sunday, died vesterday.

The first recular West Shore train reached here last night. It brought to Saratoga the first Pullman malnee car that ever arrived here, as a business onterprise, from the south. For years the Pullman cars have arrived here from the north, but up to yesterday none regularly from the south.

The Hon. George West, of Ballston Sp2, returned home to-night from a visit to his native town in England. All of the local associations and a large number of citizers of that place turned out to greet him and a display of fireworks was included in the celebration. An address of welcome was made by the Rev. W. Washbura, which was responded to by Mr. West. Judge J. S. Lamoreaux also made an address.

PERSONAL NOTES FROM NEWPORT.

NEWPORT, R. L. July 10 .- The cool wave ot Sunday has taken its departure, to the relief of the noted and livery stable keepers. Bathing and boating have begun again in earnest, but the hotels are not fill-

nave organ again in carden, on the notice and ing up as rapidly as anticipated.

Nathau Appleton, of Boston, is at the Ocean House.

With a few exceptions all the cottagers are here.

Bishop Howe and family, of Reading, Pean.; the Rev. Reginal Howe and family, of Brooklyn, the family of Commander S. Dana Greene, of the United States Navy, and the Rev. James D. Perry, of Germantown, Penn., have arrived at Briatol near this place. Rear Admiral A. f. Case, United States Navy, and family have also arrived at Bristol. The last named gentlemsu has reated his cottage at tals place to G. D. Rosengarten, of Philadelphia.

Baneroft, the historian, will celebrate his hirthday at

his Newport cottage on the Chile.

Heavy blocks of granite and sandstone were lying in apparent disorder on a long table at No. 171 ing in apparent disorder on a long table at No. 171
Broadway, yesterday, and five gray-bearded men were alternately examining them and conversing about the possibilities of the Barthold Statue of Liberty. The Executive Committee, which had been given power to receive subscriptions for the pedestal, was about to listen to General Stone, who was to explain how much longer it would take to complete the excavations at Bedloe's Island. Jeseph W. Drexel presided. The other members of the committee present were Richard M. Butler, F. A. Potts, General Charles P. Stone and Henry F. Spaulding, General Stone said that the excavations would be completed in two weeks. Soundings would then be taken, and if the bottom should prove sufficiently firm to support the weight of the foundations, building would be begun immediately. He explained that the contractor had met with many difficulties in digging; the most serious being the heavy masoury beneath the fort. Those difficulties had at length been surmounted and he auticipated no further trouble. No financial report was made by the secretary: who read several letters from the Western States in which he was assured that large number of subscriptions had been received. Committes were appointed to obtain money for the pedestal at New-Albany, Ind., at Louisville, Ky., and at Detroit, Mich.

The arrangements for placing the model of the pedestal on exhibition are almost completed. The Executive Committee has not yet decided upon either the date or the place, but the public in all probability will have an opportunity of judging of Architect Hunt's work in about a week at the Academy of Design. The model is about fifteen feet high, and is built of wood. It was made under the direction of Mr. Hunt, and will be presented to the committee by David H. King, jr. It cost nearly \$500. The Executive Committee in about fifteen feet the model swell the fund for the pedestal by securing a copyright on all photographs, prints, or reproductions of it.

SAVED FROM A BRUTAL ASSAULT. Broadway, yesterday, and five gray-bearded men

SAVED FROM A BRUTAL ASSAULT.

Miss Rebecca Miller, who lives with her parents in North Broadway, Yonkers, while returning home from a visit to a married sister, about balf-past 10 from a visit to a married sister, about half-past 10 o'clock on Monday night, was suddenly seized by a young negro at the entrance to the grounds of the Misses Bell. The negro dragged her over the faw n for fitteen to twenty feet and behind some shrubbery, where he tried to stiffe her screams by placing one hand over her mouth. Her screams were heard, however, by Roundsman Quion, who hurried to the spot. The villain fled precipitately at his approach and exchaed. Miss Miller was conducted to her home in an excited and exhausted state, with bruises about her throat and mouth.

WORKING TO ENFORCE THE EXCISE LAWS

The Citizens' League for the enforcement of the Excise laws held a meeting last night in the Tomp-kins Avenue Congregational Church, Brooklyn, to per-fect their organization. There was a large attendance. The Rev. W. C. Stiles, president of the organization Edwin P. Ide, C. C. Leigh and others made addresses Mr. Stiles said that, after careful inquiry, he could not find that any effort had been made by the Police Com-missioners or the Board of Excise to enforce the laws. The law against the sale of liquor to minors was constantly violated right under the eyes of the officials. Mr. Ide said that the movement was not receiving sufficient support from the churches. The movement had received recognition from the Police Commissioners and the Board of Excise, and it certainly ought to receive not only recognition, but God speed from the churches.

An executive committee was appointed, and E. P. Ide and John Berry were appointed a committee to procure fands. The law against the sale of liquor

MR. DAGGETT IMPROVING.

Ex-Sheriff Albert Daggett, who is danger-

yesterday moraing, but recovered from it. His general condition was slightly improved from that of Monday, Dr. Oleott proposes to use a galvania battery to stimulate the action of the heart. No one was allowed to see the sick man yesterday, but he dictated a letter to his partner. At an early hour this morning Mr. Daggett was reported to be more comfortable than before, and there was strong hope of his recovery.

read: "Academy Libraries," by Professor J. H. Gilread: "Academy Labraries," by Tolean and Literature," by the Bev. E. Wentworth, D.D., of Sandy Hill. At the evening session the fellowing papers were read: "The Legitimate Use of Piction in Science," by Professor W. Wilson, of Cernell University," and "Evolution in the Light of Breent Researches," by Professor Corilis M. O'Leury, of Manhattan College.

THE GIFT OF SOLDIERS TO BALTIMORE. PAPERS ON PHILOLOGICAL SUBJECTS.

A TESTIMONIAL PRESENTED BY THE GRAND ARMY THE AMERICAN ASSOCIATION AT MIDDLETOWN-WHO

OF THE BEPUBLIC. ARE PRESENT. BALTIMORE, July 10 .- General Henry A 18Y TELEGRAPH TO THE TRIBUNE. MIDDLETOWN, Conn., July 10.—The fifteenth annual session of the American Philological Association has opened anspiciously in this pleasant
college town. Westeyan University entertains most
hospitably at this "least of the languages." The
University occupies a sightly position on a hill overlooking the Connection, surrounded by residences of
wealthy citizens and all embowered in trees.

The first meeting of this session was held this afternoon of Pennsylvania, a committee representing the Grand Army of the Republic, arrived here to-day bearing a testimonial from the G. A. R. to the Mayor and citizens of Baltimore in recognition of the heapitalities extanded the Grand Army during its National encampment here a other member of the committee, is prevented from at-tending because of official business.

The testimonial is a bronze tablet made of metal from Union and Confederate cannon used in the late war. It is thirty inches in height by eighteen in width and is to

The first meeting of this session was held this afternoon in the commedious Hall of Natural Science creeted in 1870 by Orange Judd, of New-York. The president, M.W. 1870 by Orange Judd, of New-York. The president, M.W. Humphreys, of Nashville, presided. A paper on "Southernisms; specimens of old or Provinctal English words still current in the South, but obsolete elsewhere," by Professor Charles Foster Smith, of Vanderblit University, Nashville, was read by President Humphreys. This paper, containing a list of over fifty poculiar Southern expressions, undertook to prove the English origin of these expressions. The writer maintained that pure English is to be detected even in the negroisms of the South, and that these have preserved, not introduced, corrup-ions. stand upon a pedestal three feet in height. It was designed and executed by William, Hunt, of New-York. The legend of the G. A. R., "Fraternity, Charity and Leyslity," is inscribed on the ribbon held in the beak of the dove which aurmounts the piece; the names of all the States are upon the links of an endless chain which constitutes the border; the National flag at the right and at the left is grouped with military and naval emblems; the base is festooned with lancel and upon the scroll is

South, and that these have preserved. But introduced, corruptions.

Dr. Benjamin W. Wells's paper on "The Development of the Umisut in the Germanie Districts," too technical to be more than noticed here, gave evidence of careful and scholarly researce.

Among these present at the meeting besides those already mentioned are Professors Whitney, Peck and Seymour, of New-Haven; Van Benschoten, of Middletown; Merriam, Stensel, Scott and Harrison, of New-York; Doogs, of Ann Arbor: Hewitt, of ithsea; Taylor, of Philadelphia; March, of Easson, and Lamman, of Cambridge, Dr.Sachs, of New-York; C.J. Buckingham. of Poughkeepsie, and Porter C. Bliss are also here. President Humphreys's annual address this evening had for its subject, "Conservatism in fextual Criticiam."

A MURDEROUS ATTACK.

ATTEMPT TO KILL THE FOREMAN OF A BOSTON NEWSPAPER.

Boston, July 10.-A most deliberate attempt to murder J. Johnson, foreman of the stereotyping room of The Boston Herald, was made to-night.

About 10 o'clock, as Mr. Johnson was ascending the stairs from the press-room to Williams Court, he was assaulted by a person to hiding behind a closed half the door He was knocked down pounded on the head with what is supposed to have been an iron bar. The weapon, however, has not been found. Mr. Johnson received four ghastly wounds on the head and has been been taken to
the City Hespital in a very loy condition. David
Finnery, the night engineer in the pressroom, who
acted strangely after the assault, has been arrested.
Three newsboys, who have been detained as witnesses,
saw the whole affair from the top of the stairs and identified Flasnery as the man who committed
the assault. They state that they saw
Finnery hiding behind the door lying in wait, that he
atruck Johnson as soon as he appeared, that the first
hlow knocked Johnson as he appeared, that the first
hlow knocked Johnson as he appeared, that the first
hlow knocked Johnson as he appeared, that the first
how knocked Johnson as he appeared, that the first
how knocked Johnson down and that the
others were inflicted while he lay postrate.
Finnery, they say, endeavored to close the
door to shut himself and Johnson in, but
the latter foot was in the way. He then finng the door
back and ran down into the pressroom.

Mr. Johnson identified Finnery at the police station
as the man who struck him, but Finnnery arremously
denied the charge. The victim knows no metite for the
assault, and has never had trouble with Finnnery. ghastly wounds on the head and has been been taken to

CLASS-DAY AT BOWDOIN.

RSIGNATION OF PRESIDENT CHAMBERLAIN-CLASS-DAY EXERCISES.

BRUNSWICK, Me., July 10 .- President Chamberiain, of Bowdein College, presented his resignation to the Board of Trustees to-day, but no action was taken

favorable conditions of weather. In the morning at the church J. B. Reed delivered an oration on the French Revolution, and B. Sewall delivered the poem. At 3 p. m. the exercises under Thorndyks Oak occurred. H. p. m. the exercises under Thorndyke Oak occurred. H. E. Colo delivered the opening address; P. M. Fling spoke on the subject of History, and W. S. Pearson apoke on Prophecy. The parting address was given by N. B. K. Pottengill. The exercises were interspersed with music, and were followed by the ceremony of smoking the pipe of peace, cheering the hall, and the farewell. F. H. Flios was marshal of the day. The class ode was written by A. J. Russeil.

The graduating class numbers 362, of which 10 will study law, 7 medicine and 2 theology.

THE LAST OF A HORRIBLE CASE.

A CORONER'S JURY FINDS THE DEATH OF CLARISSA

BOUNDS ACCIDENTAL ATLANTIC CITY, N. J., July 10,-Public interest in the extraordinary circumstances attending the death of Clarissa Bounds at this place last night has been rather increased than otherwise by a verdice this evening by the Coroner's tury finding that her injuries were received accidentally and exonerating all per-

sous from blame. verdict it greatly criticised. handsome, but wild, young girl and began to frequent a coal-pit in the pins forests aboten miles from here, where four men named Je. Themas, Solomon and Clement Mannering and Jose Keisey worked. At 2 o'clock one moing she aprang from sumber beaids them envelop in flames. She was a wfully hurned, her hip bones parturing from the flesh, yet her wounds were not dress for a week. She was hauled over the neighborhood from the peace to another and final died with suspicious of four play. her home here several months ago

in the harometer yeaterday were a light. Fair weather prevailed. The temperature ranged between 62° and 81°, the average (70°s) being 12°s° lower than on the corresponding day last year and 5°s° lower than on Monday. THE TELEGRAPH OPERATORS SAID TO BE DISSATIS-FIED WITH THEIR WAGES.

Sr. Louis, July 10 .- The Post-Dispatch annonneed this evening on what it considers trustworthy authority, but which has not yet been verified, that the Brotherhood of Telegraphers will inaugurate a general strike at noon next Monday. It is said that there are upward of five thousand operators in the brotherhood, and if they go out the result will be hardly less than a public calamity. It is not known bere whether any direct demand has yet been made on the telegraph company, but it is alleged made on the telegraph company, seven bours as a night's work, extra pay for Sunday work, and a greater uniformity of, if not higher, wages.

It is also said that the drotherhood are strongly opposed to the introduction of any girls or women into the business. Telegraph officials here have no definite information regarding the movement, and evince no disposition to talk about it.

MARRIAGE OF DR. MACDONALD.

PORTLAND, Mc., July 10.—The wedding of Dr. A. E. Macdonaid, Medical Superintendent of the New-York Asylum for the Insane, and Miss Elizabeth W. Barrett, daughter of the late Charles W. Barrett, took place here to-day at the house of the bride's mother in State-st. The caremony was performed by the Rev. Professor Ferguson, of Queen's College, Kingston, Ont., brother-in-law of the groom. The bridal party took the evening train for the White Mountains, and they will evening train for the White Mountains, and they will travel for about a month. Among those present at the ceremony were Mrs. Macdonald, the groom's mother, and his sister, Mr. and Mrs. Henry A. Mariotta, Mr. and Mrs. H. H. Porter, Mr. and Mrs. George W. Colby and Mrs. and Mrs. William Appleton, of Albany. Dr. Macdonald is a member of the Lotos Club, New-York, and has been connected with the Bellevee Medical College, the Charity Hospital and the Biackweil's Island Lunatic Asylum. He has a pleasant house on Ward's Island.

SOLAR DISCOVERIES BY THE FRENCH.

SAN FRANCISCO, July 10 .- The French astron ners who were sent to Caroline Island, in the South Pacific, to study the solar college of May 6, arrived here finding a red star, which, it is believed, will prove a new discovery. The celipse lasted five minutes and twenty-three seconds. They noticed several new features in the corona, chiefly white prominences, supposed to be vapor or white clouds. te-day on the steamer City of Sydney. They report

CONFLICT IN THE LABOR MARKET.

SPRINGFIELD, Ill., July 10 .- The difference between the coal miners and their employers at the various pits in this district have been settled, except at the Hurst and Hatler mines. The basis of settlement is that 3 cents per bushel shall be paid for mining and check weighing. The two mines which still hold out refuse to pay more than 2½ cents per bushel, but it is expected that an amicable arrangement will be arrived at to-day in these cases.

CHILDREN BURNED TO DEATH.

MILWAUKEE, July 10.—The frame residence of David Sterling was destroyed by fire this morning His wife and four children escaped, but Dora, age twelve; Stermina, age seven, and Boss, age three years, were suffocated in their bods.

UNIVERSITY CONVOCATION.

ALBANY, July 10 .- The annual meeting of the University Convocation of the State of New-York began to-day. At the session this afternoon the subject of "Classes for Instructing Common School Teachers in Aendemica" was discussed. The following papers were

RAILWAY INTELLIGENCE.

THE STRUGGLE FOR IMMIGRANT TRAVEL The Delaware, Lackawanna and Western The Delaware, Lacknwanna and western Endirond some time ago saked for the same facilities for securing immigrant paircongo from Castle Garden as the New-York Central, New-York, Laks Eric and Western, the Pennsylvania, and the Baltimore and Ohio railroads have. In the application it was promised that the company would pay its share of expenses for the maintenance of Castle Garden, as do the other trunk lines, and it was requested that Congressman Nichotas Muller be recognized as the intuigrant passenger agent. The Commissioners of Emigration held a meeting to consider the application, but adjourned without taking settion because no representative of the Lockawanna appeared to combat the opposition of the four reads aircair admitted to privileges. The Lackawanna people have charged that the arisyleges were withheld from already admitted to privileges. The Lackswanna peo-ple have charged that the privileges were withheld from them because of the opposition of the pool lines, and shey declared that they would stand aloof from the pool-till deconsidary unless they were allowed to dictate their own terms of memoeratip. Since then the Lacksawanna has had a large share of the immigrant traffic through special arrangements with the steamship lines in the way of larger commissions. The application will be acted upon by the Castle Garden Committee to-day, at which attention will be called to the sufferings of immi-grant passengers last week who were exposed to the burning sun on Pier No. I while waiting for the Lacks-wanna boats.

President Gowen, of the Philadelphia and Reading Ratiroad Company, was in the city yesterlay. He held no conference with the income bondholders of the Central of New-Jersey Ratiroad because the committee was unable to mes, him at the time fixed. Efforts are being made to change in some particulars the propomition agreed upon for the exchange of Jersey Central income bonds for a new security. Mr. Gowen said to a TRIBUNE reporter: "I have had no conference with the bondholders to-day, but it is pretty generally underst that debenture bonds will be issued instead of scrip to take up the 1012 per cent back interest due on the incom bonds of the Jersey Central. The debenture bonds bear 6 per cent and will run for twenty-four years. The exchange will effect a saving of 1 per cent on the bonds in the Reading's guarantee. Nothing has yet been finally done."

done."

A prominent Jersey Central bondholder said that there was no doubt that the enange in the original proposition would be assented to by Mr. Gowen. All that was necessary to complete the exchange was the settlement of details. The bondholders had decided that it would be better to exchange all of their claims for one kind of security instead of receiving principal in bonds and back interest in scrip.

ELEVATED RAILWAY LITIGATION.

at the left is grouped with military and naval emblems; the base is festomed with laurel and upon the scroll is engraved the following address of thanks:

The Grand Army of the Fepublic of the United States to the City of Baltimore, Maryland: In the spirit of "Fraternity, Charity and Loyalty" greeting: Whereas on the occasion of the sixteenth annual encampment of the Grand Army of the Republic, neld in the City of Baltimore June 21, 22, 23, 1882, when the parading column and escort of the Grand Army of the Republic and visiting military organizations from other States, commanded by Chief Marshal General R. B. Ayres, United States Army and numbering fully 12,000 men, was reviewed from the portice of the City Hall by Chester A. Arthur, President of the United States, accompanied by members of his Cabinet; General Joseph W. Keiter, Speaker of the House of Representatives and other distinguished members of Congress; William T. Sherman, General of the United States, accompanied by Honorable William T. Hamilton, Governor of Maryland, and his military staff; the Honorable William T. Hamilton, Governor of Maryland, and his military staff; the Honorable William Pinkney Whyte, Mayor of Baltimore, his secretary, Major J. Monice Heiskel, and other representatives of the City Government; ex-Mayors Lairoue, Banks and Vansant; General Felix Aguns, General Adam E. King and many other distinguished citizens of Baltimore, and of other cities and States, his Honor the Mayor, the Common Council and the people of Baltimore did extend to the Grand Army of the Republic hereby expresses its profound appreciation of the kind and brotherity feeling thus attested, and its gratification at the abundant evidence then shown that this Nation is not only a union of States, but also a union of hearts throughout its broad domains; that, ours is, in truth, "a government of the people, by that people, and for the people"; and that all are devoted to one common purpose of "union and liberty, one and inseparable, now and forever"; that the dove of In the Superior Court, Chambers, yesterday Judge Freedman rendered a decision in which he holds that the motion made before him some time ago to set aside the judgment in that court in which the validity aside the judgment in that court in which are and fairness of the so-called amended leases by the Manhattan Railway Company of the property of the New-York and Metropolitan Elevated Railway Companies is affirmed, must be denied. Judge Freedman had proviously demed a similar motion, but gave leave to renew it upon additio relaffidavits. The judgment sought to be set aside was entered upon the consent of the attorneys for all aside was entered upon the consent of the attorneys for all the compan, are at a time when the Metropolitan Company was still under the control of Jay Gould and his friends. The present directors of the company assert that the judgment was obtained by fraud and collusion and wish to have it set aside on that ground, and especially because it is set up as a bar to all the other suits brought by the Metropolitan Company against the other companies. Judge Freedman holds that the judgment, having been entered on the consent of all the parties in interest, and so many things having been done under it that the parties could never be restored to their priginal positions, cannot now be set aside; at least not upon a motion. noon. The testimonial was received by the Mayor in the presence of the City Council and distinguished citizena. After the proceedings at the City Hall the com-mittee of the Grand Army of the Republic were enter-tained with an excursion down the bay during which a banquet was served.

REDUCING A ROAD'S EXPENSES.

The new management of the Rouse, Watertown and Ogdensourg Railroad are pursuing a rigid policy of retrenchment. The superintendent of the road was in town yesterday consulting with the New-York directors in the matter. He says that he expects to educe the operating expenses to 60 per cent of the gross the old administration of the Drinware, Lackawanna and Western Railroad Company. The expenses already cut of will amount to \$142,000 in a year. About 180 workmen whose services were superfluous have been workmen whose services were supermore. New con-discharged from the shops of the company. New con-tracts for coal have been made at \$1 per toff less than the price heretofere paid. The policy of economy, how-ever, has not prevented the company from laying a idi-tional steel rails along the line of road. Contracts are under usgoliation for the axchange of business with the principal connecting roads.

Tompaine, of the Virginia and Tempessee Air Line; Solomon Haas, traffic manager of the Consolidated Raitroad; C. P. Hatch, of the Norfolk and Western road; E. G. Ghie, of of the Seaboard and Roanoke; J. R., McNurdo, of the Richmond and Augusta; B. S. Fitch and E. Fitzgeraid, the Chesapeake and Ohio; and J. W. McCarrick, of the Clyde Line of steamers. ALBANY, N. Y., July 10 .- The Railroad Commissioners

will give a public hearing on the Pre Rata Freight bill at their office, on Tuesday, July 17, at 10 o'clock a. m. THE OFFICIAL JULY CROP REPORT.

COTTON IMPROVED—ESTIMATE OF THE WHEAT CROP -CORN, OATS, BARLEY AND TOBACCO.

WASHINGTON, July 10.-The July report of the Department of Agriculture indicates very general improvement in the condition of cotton. Rains were general up to June 15 or 20, and local showers have been request since. There has been an excess of moisture, interfering with cultivation and promoting the growth of grass. Clean fields are found only in favored districts of grass. Clean fields are found only in favored districts and on lands of prompt and pushing cultivators. Since June 20 growth has been rapid. In grassy districts the plants are small but healthy and making great progress with recent cultivation. The only complaint of drouth comes from central and southwestern Texas, from the content is the Guadalance. Colorado to the Guadaloupe. A few counties in South Carolina and Georgia report a present need of min. Recent distribution of moisture has been quite unequal. Adams County, Miss., has had showers daily for five weeks, and Pike County for six to eight weeks. The general average of conditior has advanced from 86 to 0.

Last July there was an improvement of three points,
from 80 to 92. Returns of July since 1870 nave indicated higher conditions than in June, except in 1871, 1873 and 1879.

years ago. Daniel F. Fernald aucceeded him, Mr. Ellsworth being made vice-president Mr. Eilsworth was one of the early members of Plymouth Church, and among the first to recognize the great sblitty of Mr. Heecher. But in the time of the war he did not like Mr. Beecher's political sermons, and left Flymouth Church for a time, returning, however, after the war was over, and continuing to attend there until his years kept him from church.

Mr. Ellsworth was an active Democratic politician, and about forty years ago ran for Mayor of Brooklyn, being defeated by Cyrus P. Smith. At the time of the panic of 1837, he was in prosperous business, but was overwhelmed in that disaster, being left with debts which it teok him until 1862 to discharge fully, but which he paid in full. He leaves a widow, four sons and two daughters. The funeral services will be held to-morrow at 3 p. m. The apring weather was too variable in temperature and moisture, as it usually has been in former years, for the highest condition of the plant. The only retrograd is reported for Arkansas, where a loss of three points i is reported for Arkansas, where a loss of three points is made from excessive rain, cool nights and injuries from chinch bugs, red ants and rust. There is a promise of improvement during July. A gain of ten points has been made in the northern zone, Nor.h Carolina and Tennessee, seven in Georgia, six in South Carolina, four in Texas, three in Masissippi, two in Virginia and one in Florida. Alabama and Louisiana standas in June. The July State averages are as follows: Virginia, 83; North Carolina, 91; Bouth Carolina, 91; Georgia, 93; Florida, 93; Alabama, 87; Mississippi, 89; Louisiana, 91; Texas, 93; Arkansae, 84; Tennessee, 88. Worms have wrought little injury as yet. The caterpillar has appeared at a few points from South Carolina. pillar has appeared at a few points from South Caroling to Texas. In Butler, Ala., the second broad of

pillar has appeared at a few points from South Carolina to Texas. In Butler, Ala., the second brood of woras appeared June 20. The boll worm is at work in Denton County, Texas. Picking will begin in Southwestern Texas abert July 20.

There has been some improvement in winter wheat in Coancetteut, Now-York, Virginia, South Carolina, Texas, Ohio, Michigan. Indiana, Ilbaots, Missouri, Kansas and California, which advances the general average of condition from 75 to 79. The apring wheat average has advanced from 98 to 100. The indications of July point to a wister wheat crop of fully 300,000,000 bushels and a product of about 125,000,000 of spring wheat.

The area of the eern crop has been increased about 2,500,000 acres. Inaking the aggregate 68,000,000 acres. There has been some extension of area in nearly every State. The proportion of increase is large in the Northwest and in the Southwest. On the coast from Virginia to the Mississippi the advance has been smail. In some places the reduction of price from enlargement of supply last year had a discouraging effect. There has been too much rain in the great western maize districts and failure of stands from planting poor seed, making the crop late and growth small, but improvement has of late been rapid. Taking all the States together the average forcorn is 88, against 85 last July, 90 in 1891, and 100 in 1880. The averages of the principal States are as follows: New-York, 84; Pennsylvania, 89; Ohio, 83; Michigan, 73; Indiana, 90; Illinois, 82; Iows, 80; Missourf, 82; Kansas, 98; Nebraska, 87; Dakota, 78. In the South averages range from 90 in Tennessee to 103 in Louislama.

The prospect for oats is nearly as good as in July of last year, the average being 90, against 103.

The condition of bariey is represented by 97. Last July, 96. The average in New-York is 103; in Pennayl-wain, 91; Wiscousin, 102; Califorina, 90.

There has been an increase of about 5 per cent in the

he area of tolesco

THE CROPS OF THE WEST.

PISMAL REPORTS ABOUT THE GROWING WHEAT OF

SPRINGPIELD, Ill., July 10.—The State Department of Agriculture has received full returns from all the counties of the State of the condition of winter wheat or July 1. These show little improvement over the returns for the three preceding mentile.

The reports indicate that the crop of winter wheat in Illinots will not exceed 18,000,000 bushels or 32,000,000 bushels less than the yield of 1882. The condition of winter wheat in the northern counties was 5 per cent better on July 1 than a mouth previous and gave presents of \$7 per cent of an average even. In the control

better on July I than a mouth previous and gave prespect of 87 per cent of an average crop. In the central counties the yield will be less than two-thirds of an average crop. The most discouraging reports come from the southern portion of the State, whole usually produces the bulk of the crop and now premises less than half a crop, or 64 per cent less than hast year's yield. It is quite unusual to have less than that year's yield per acte in any of the southern counties.

Chicago, July 10.—The Former's Review in its issue to-morrow will publish an exhaustive report on the condition of the crops, based on returns from over 1,000 points in the West and Northwest. A general change for the better in all the crop prospects has taken place during the past two weeks, owing to the cessation of rains and the advent of not weather. Last week the two combined served to bring forward the late corn and push on apring wheat and oats. The weather has been very line for the early winter wheat harvest, and the crop is now going into stock. The spring wheat and oats crops are unusually promising and are both now nearly assured. It is believed that the corn crop is rapidly coming up to its condition in 1882.

FAILURE OF THE RAD RIVER CROPS.

VAST PORTION OF MINNESOTA AND DAK NA

ST. PAUL, Minn., July 10.—All advices from

ST. PAUL, Minn., July 10.—All advices from the Red River Valley are of the gloomlest nature. The latest reports show that the wheat there is heading out in a feeble way or straw not over a foot high, giving promise of a meagre crop of rejected grade in this farfamed vatley. The section suffering from lack of rain is vast in extent, subracing, as the reports abow, all of Northern Minnesofa and Dakola, comprising the valleys of the James, Red and Goose Rivers.

A capitalist who recently visited the James River Valley with the intention of creeting elevators along the new railroad line has returned after a careful survey of the vailey, pronouncing the crop prospects so bad as to make such an enterprise foolhardy in the extreme Other men who visited parts of Dakota with the same intent are said to have backed out in disgust, declaring that the crop will not be large enough to us the present elevators. One dry section embraces especially all of the increased acreage in Minnesota and much of that of Dakota, as that good judges think it unwas to count on any increase in the crop of 1883 over that of 1882 in Minnesota and Dakota.

LORD LANSDOWNE'S REMBRANDT.

Some erropeous statements concerning the purchase of Lord Lansdowne's Rembrandt have been published. It was not bought by Mr. Mackey of California, but by Henry G. Marquand of this city, whose attention was directed to it by J. Alder Weir, the well-known artist. Mr. Marquand purchased it by telegraph from Agnew, the Lonion nicture dealer, to whose rooms Lord Lansdowne had sent it with various other gems of the gallery of old masters which he inherits. The priof was £5,000. The picture has arrived in this country and is now safe in one of the lower rooms of the Metropolitan Art Museum. chase of Lord Lansdowne's Rembrandt have been
